

## LAUNCH EURO TAB II

The Euro Tab 2 is Launch's new high end car fault diagnostic device. Based on the Android system, this device includes full vehicle system coverage for over 110 brands in the world, which is continually updated and is a full-function scan tool for both cars and trucks. Comes with an integrated database including comprehensive veicle service an repair information, allows for Diagnostic records and reports to be stored in the cloud without any concern of missing data

## **Features:**

- Android 7.1 operating system with 8-core processor for fast, reliable operation.
- 64GB internal and 128GB extended storage
- The latest 2.4 & 5GHz Dual Wi-Fi with high transfer speed
- 10.1 inch touch screen display with 1920\*1200 resolution for precise details in all lighting conditions
- · 9360 mAh lithium-ion battery for whole day use on a single charge
- 13mp rear and 8mp front camea for high resolution photographs
- · IP65 case with exceptional damage resistance to the water and dust for workshop use
- Docking and charging station included with QC3.0 Quick Charge technology
- · Support USB Type C and USB Type A
- Support J2534, DoIP, CAN FD and other protocols with SmartBox 3.0 connector
- Read all DTC types for full system, view, graph and record data PIDs, support bi-directional controls, actuation test and all other diagnostic functions
- · Guided function for Volkswagen and Audi
- Automatically identify VIN upon connection to the vehicle for intelligent diagnostis.
