## AUSCAN ADAS MOBILE

ADVANCED DRIVER ASSISTANCE SYSTEMS

### **FEATURES**

- Easy step by step set up, specific to OE requirements, using either the LAUNCH AUSCAN or the LAUNCH EUROTAB diagnostic tool.
- Fully foldable design consists of folding base, close-fitting foldable arms and foldable crank handle for easy storing and transportation requirements.
- Multi-functional base integrates 360° rotating wheels, wheel locks and fine-tuning height-adjustment to adapt to uneven ground levels.
- Equilateral, 3-point triangle design of the base ensures a stable frame.
- Digital distance laser for accurate and precise height adjustments.
- Five line laser and fine-tuning adjustments knob helps to easily center the device both parallel and square to the vehicle for precise calibrations.
- Special small target design makes it easier to transport and store.
- 23 boards
- ACC reflector
- Corner reflector
- Extension rods
- Mainframe & Accessories
- LDW - Lane Departure Warning
- Aluminium Alloy Box for Accessories & Targets
