

PLH-530L 3 TON MID RISE SCISSOR HOIST

The PLH-530L is a mid-rise mobile scissor hoist featuring a low profile of just 110 mm and a maximum lifting height of 1000 mm. Designed for flexibility, the PLH-530L is not fixed to the ground, allowing it to be easily moved and positioned as needed within the workshop (optional mobile kit needed).

FEATURES

- **Dual-cylinder drive with mechanical synchronisation** ensures precise and stable platform movement
- **Dual mechanical safety locks** securely hold the lift at multiple heights for enhanced safety
- **Standard pneumatic unlocking system** offers smooth, convenient, and durable operation
- **Extra-wide 1960mm platforms** accommodates a wider range of vehicle models.
- **Extendable platform design** supports vehicles with longer wheelbases
- **Reinforced arm structure** provides greater lifting stability and durability.
- **Lubrication ports on all pivot shafts** ensure smooth operation and reduce wear

CONCRETE

150mm thick, reinforced, free from cracks/seams, 30mpa & cured 28+ days

SPECIFICATIONS

Model No.	PLH-530L
Lifting Capacity (kg)	3,000kg
RAM Type	Hydraulic
Min. Lifting Height	110mm
Max. Lifting Height	1000mm
Lifting Time	40s
Motor Power & Voltage	1 phase
